Tchoukball Assessment 4th and 5th grade classes

What did you like about the game?

- Shooting at the frame (lots of these)
- People get to have fun throwing without pressure at the net
- I get included
- Lots of moving around
- When you get to pass the ball to your teammates
- I like how I see everybody helping to catch and shoot the ball
- I liked that it involves teamwork
- The skill and teambuilding
- Teamwork
- The throwing, catching and passing
- Getting to hit the frame (lots of these)
- Having fun with your friends

These comments are from 2 5th grade classes

- I like it that we had to be in diverse groups because that help people to know each other better
- You got to play like you're on a real team
- Throwing and catching off the frame (many comment like this)
- To work together to play the game and experience different skill levels
- I liked that we played on a team
- How everybody always includes me
- The team building
- I liked it how it includes everyone

- I like how we all worked together as a team every time we played the game
- When your teammates pass you the ball and score
- Because most of my teams, whatever team I was on, I was included. (This comment is from a home schooled student who only comes to school for PE, Music, and Art.
- To play as a team
- Team building, it helped me to know people better in my class
- I liked how we build teamwork we try to pass to everybody
- Teambuilding and the throwing
- Teamwork and the scoring
- I like throwing , shooting and getting a chance to play with boys (obviously from a girl)
- The fun, competitiveness and the spirit
- The other team can't take the ball and I am included
- People include me
- That you need to pass the ball to someone to score
- The teamwork and being included
- Because I stay active during the game and it is fun
